About Me

I   am a recent graduate with a Bachelor of Computer Applications (B.C.A) from Manonmaniam Sundaranar University. I completed my higher secondary education at Little Flower Matriculation School. I am passionate about technology and eager to begin my career in the IT industry. With a strong foundation in computer applications and a willingness to learn, I am looking for an opportunity to contribute to a dynamic organization and grow as a professional.

SKILLS

- Microsoft Word
- Hands-On PC Build
- Data Analytics
- Designing Reseacher
- Figma Intermediate
- UI/UX Designing
- Flutter

- Communication Skills
- Teamwork & Collaboration
- Time Management
- Quick learning
- Critical Thinking
- Creativity
- Work Ethic
- Attention to Detail

PROJECTS AND WORKS

Face Recognition Attendance System using Python

As part of my final year project, I developed a Face Recognition-based Attendance System using only Python. This project utilizes computer vision and machine learning libraries such as OpenCV and NumPy to detect and recognize faces in real-time.

House Rental management

The House Rentals Management System is a comprehensive digital platform designed to streamline property rental operations for landlords, property managers, and tenants.
